NILOS 12X28 LSTO STEEL DISK SEAL

The NILOS-Ring type “LSTO” has been designed for bearing points that are subject to exceptionally high levels of dirt.

Steel disk seal NILOS 12X28 LSTO is a grease filled sealing package comprising of steel disks. Ready for installation and capable of handling thrust loads. The sealing works on a non-contact basis and can follow axial movements of the roller bearing rings to 0.3 mm without any jamming of the disc.
