NILOS 17X40 LSTO STEEL DISK SEAL

The NILOS-Ring type “LSTO” has been designed for bearing points that are subject to exceptionally high levels of dirt.

Steel disk seal NILOS 17X40 LSTO is a grease filled sealing package comprising of steel disks. Ready for installation and capable of handling thrust loads. The sealing works on a non-contact basis and can follow axial movements of the roller bearing rings to 0.3 mm without any jamming of the disc.

Alternative, further developed type with Viton gasket for applications where variety of liquids are used: [NILOS 17X40 LST-L](https://nomo.dk/nilos-17x40-lst-l.html)

Alternative versions:
