NILOS 20X52 LSTO STEEL DISK SEAL

The NILOS-Ring type “LSTO” has been designed for bearing points that are subject to exceptionally high levels of dirt.

Steel disk seal NILOS 20X52 LSTO is a grease filled sealing package comprising of steel disks. Ready for installation and capable of handling thrust loads. The sealing works on a non-contact basis and can follow axial movements of the roller bearing rings to 0.3 mm without any jamming of the disc.

Alternative, further developed type with Viton gasket for applications where variety of liquids are used: [NILOS 20X52 LST-L](https://nomo.dk/nilos-20x52-lst-l.html)

Alternative versions:
